SWEET CORN

GOLDEN SUNSHINE SWEET CORN has become a standard, having a really large ear and a week earlier in maturity than Golden Bantam. We strongly recommend it as a standard money-maker, being one of the BEST of its class. Per 100 lbs., \$14.00.

GOLDEN BANTAM—Others are Earlier—Others are Bigger—Others are Better Yields—But none as yet have the Real Golden Bantam Quality. Per 100 lbs., \$10.00.

WHIPPLE'S EARLY YELLOW—A remarkable new yellow sweet corn of much merit. While the stalks grow 6 feet or more in height and the 14-rowed ears are 7 to 8 inches in length, this variety matures three days earlier than Golden Bantam. The kernels are broad, deep and of excellent quality. Per 100 lbs., \$10.00.

BANTAM EVERGREEN—A cross between Golden Bantam and Stowell's Evergreen with all the good qualities of each. Ears eight inches long. Twelve to fourteen rows, and of a rich golden yellow. Sweetness and flavor like Golden Bantam. Per 100 lbs., \$10.00.

ITALIAN FENNEL

FINNOCCHIO OR FLORENCE FENNEL

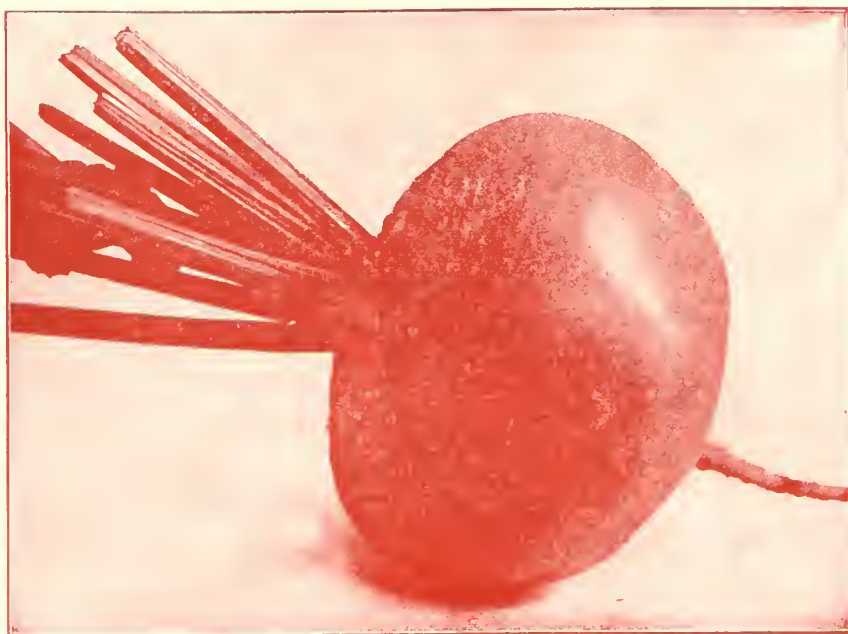

A delicious vegetable which should be more largely grown. It is extensively used in Italy as a salad, but is particularly palatable when served boiled, with a cream dressing. The flavor is somewhat like celery, but it has a sweet taste and delicate odor. Lb., \$1.50; 5 lbs., \$6.50.

TOMATO
BREAK O' DAY

THE BEST EARLY TOMATO
EVER INTRODUCED

"Break O' Day" Tomato has caused a sensation in tomato culture. It is an early strain of Marglobe, but distinctively different. It was bred by the U. S. Department of Agriculture. IT IS A CROSS BETWEEN MARGLOBE AND MARVANA, and it is DISEASE RESISTANT. IT is a true Globe shape.

Ripe Tomatoes in 50 days from time plants are set out.

CERTIFIED

MARGLOBE TOMATO

Grown from original Pritchard stock seed.

25 lbs. or more at \$2.25 per lb. Sold under this Label.

S. D. WOODRUFF & SONS certifies that this seed is part of that grown during the season of 1930 and harvested from plants that were inspected by J. F. ADAMS, Inspector of DELAWARE STATE DEPARTMENT of AGRICULTURE, DOVER, DELAWARE, who found them true to type as the result of careful selection and roguing.

Coreless
Chantenay

Danvers
Half Long

CARROTS

Bagley Danvers _____ Per lb., 70c

This variety is famous for its shape and size. It has a beautiful red orange color, and its green fronds are of the best quality. It is a medium size top. Far superior to Danvers Half Long.

New Coreless Chantenay _____ Per lb., 60c

This strain of Coreless Chantenay is quite free from the ordinary yellow core problem of most carrots. It is a desirable variety for the old type.

Hutchinson _____ Per lb., \$1.15

Largest carrot grown. Roots 10 to 12 inches in length, nearly cylindrical in form and ending in an almost stump root. Color a deep orange. Immensely productive.

Chantenay _____ Per lb., 45c

This splendid carrot belongs to the half-long, stump-rooted type, with good girth makes a heavy carriage yield, also a beautiful shaped carrot for bunching.

Danvers Half Long _____ Per lb., 45c

The best known second early, half-long sort; roots 6 to 8 inches, tapering to a blunt point. Flesh deep orange, tender and good quality.

Improved Long Orange \$.42 Yellow Belgian _____ \$.38

LONGFELLOW

CUCUMBER

NEW WOODRUFF WONDER—Without Doubt One of the Best Cucumbers we have Ever Seen.

It is the result of a cross between Woodruff's Hybrid and one of the Long Italian varieties. It will average between 12 and 14 inches. On account of its beautiful appearance it will bring Top Prices in Any Market.

Per lb., \$1.50

WOODRUFF'S HYBRID—One principal reason for selecting this strain is its freedom from blemish, and its popularity in the best growing and Market regions. It is more robust, harder, and a bigger cropper than any other. It is early, dark green in color, a good shipper and a tremendous yielder.

Per lb., 48c

CLARK'S SPECIAL—A fine market cucumber of the White Spine Type. It is very rich in content of the best growing sections. Similar to Woodruff's Hybrid, dark green. A fine shipper and a prolific yielder.

Per lb., 48c

LONGFELLOW—Of a White Spine Type of dark green appearance. The roots are exceptionally handsome, with fronds averaging 12 to 14 inches in length, and 1 to 1 1/2 inches in diameter. This variety retains its dark color when exposed to direct sunlight.

NEW LONG POD ITALIAN
FAVA BEAN

NEW LONG POD FAVA BEAN

THE RIGHT KIND FOR THE ITALIAN TRADE

—A new improved, very long podded variety especially in favor with the Italian trade. Extremely hardy and can be planted very early. Eaten either green or dried. A great improvement on the older and more common English and Spanish strains.

Per 100 lbs., \$15.00

DARK PODDED
TELEPHONE

Laxton's Progress Peas

The earliest large podded dwarf sweet pea. Height, 18 inches. In season four days earlier than Laxtonian. Pods 4 inches long, broad and pointed, deep green in color, containing 8 large, dark green peas of high quality.

Per 100 lbs., \$10.00

Dark Podded Telephone Peas

A standard and improved now to its limit. Vines are very strong in growth and average 18 to 20 pods in pairs, of large size, containing 6 to 8 peas each, of a green color.

Per 100 lbs., \$8.50

Sure Crop Wax Beans

New Stringless—A selection from Currie's having black seed and differing from that sort in that it is stringless, more hairy, rust-resistant and a little later. Pods flat, 6 in. long, somewhat thicker than Currie's and with a stronger plant growth. Very desirable.

Per 100 lbs., \$10.50

Currie's Rust Proof Wax Beans

Reliable Standard Sort—Very early and productive; pods large, 5½ to 6 inches long, flat and straight; color bright yellow and attractive in market. Seed black.

Per 100 lbs., \$9.50

Burpee's Stringless Beans

Most popular stringless—Early, hardy, vigorous and productive. Pods large, 5½ inches long, thick, round and crease-backed, dark green in color; strictly stringless, tender and brittle; of good quality.

Per 100 lbs., \$9.00

Bountiful Beans

By far the best of the flat-podded stringless varieties. Pods 6½ to 7 inches long, thick, flat and slightly curved; stringless, slightly fibrous, attractive and of fine quality; color light green. Very early, vigorous, hardy and productive. It is far and away the best market garden variety.

Per 100 lbs., \$12.00

Full Measure Beans

A sure cropper—Best second early round podded sort of recent introduction. The pods are long, bright green, entirely stringless. Very prolific and of excellent quality.

Per 100 lbs., \$10.50
